## Chalky Pastels

Chalky pastels are created by stuffing vibrant colors inside Qualatex White latex. Using double-stuffing, these balloons take on a matte appearance that creates a unique look, similar to chalk on a blackboard.

**Charcoal Chalk**

## Warm Pastels

For warmer pastel shades, stuff balloons into colors with warm tones like Ivory Silk, Pink, and Blush. The double-stuffing provides an extra dimension that simply cannot be achieved with a single balloon.

Ivory Silk  
▲ Yellow  
**Soft Yellow**

Ivory Silk  
▲ Goldenrod  
**Soft Goldenrod**

Ivory Silk
